

Like The Zombies Do

Do it like the zombies do

Brush your fangs when you wake up
Comb your hair, do your make up
Sleep at night, don't stay up
Do it like the zombies do
Don't stand out when you're fittin' in
When in doubt, do the opposite
Don't listen to him, he's a hypocrite
Do it like the zombies do

All you got do is give an inch, then we gon' take it to the top
Do it like the zombies do

When the moon is full, no howling (awoo)
Don't run in the halls, no growling (grr)
Let's go to the mall, start styling (yeah)
Do it like the zombies do (do it)
Trim your claws, get a manicure
Cut your bangs, leave it on the floor (woo)
Now wag your tail like a labrador
Do it like zombies do

All you got do is give an inch then we gon' take it to the top
Do it like the zombies do, don't stop (do it)

Stand up, stand up, stand up straight, do your homework
Smile a lot when you network
Did I mention no one gets hurt? (No, no, no)
Do it like the zombies do
I hope you're open to my advice
Oh, it's invaluable to us, right?
Huh, sounds like this could be a paradise
Do it like the zombies do

Why should we change?
They should be like us
Yeah, he may eat brains, but he's got no guts
He's gone insane, yeah, he's acting nuts
Come on, we've got moves to bust (woah)
Do it, do it, do it like the zombies do
Do it, do it, do it like the zombies do
Do it, do it, do it (do what you wanna do)
Do it like the zombies do (do it like the zombies do)

All you got do is give an inch then we gon' take it to the top
Do it like the zombies do, don't stop
Do it like the zombies do
