

NOT THE ONLY ONE (JIHNGLE JANGLE)

They expect me to play
Go outside and run
But I prefer to measure things
'Cause that's what I call fun
Mom says I'm great
That should be enough
Being great is good and all
But being different sure is tough

[Chorus]

I know there's someplace out there
And until the day is done
I'm gonna go and find it
So I'm not the only one

They say just be a girl/boy, right
And don't aim too high
They say to keep your dreams on land
But mine were born to fly

[Chorus]

And I know there's someplace out there
And until the day is done
I can promise you I'm gonna go and find it
I know one day I'll find it
I hope that when I find it
I'm not the only one
